Dear Colleague,

It's hard to believe that it's been five years since our 100th Anniversary Jubilee Celebration. Yet, here we are, poised to celebrate our 105th Anniversary at the 2020 Jubilee. We have so many things to be thankful for as we look back at all of the amazing people and accomplishments that have shaped the history of the Henry Ford Medical Group. We also have so much to be excited about as we look forward to many more years of serving our patients through academic advancements, technological breakthroughs, and an unwavering commitment to compassionate, quality care for all.

The 2020 Jubilee will showcase some of our newest additions to the Henry Ford infrastructure, including our new, state of the art Brigitte Harris Cancer Pavilion, as well as the William Clay Ford Center for Athletic Medicine and Detroit Pistons Performance Center. We're also excited for you to experience firsthand the continued renaissance of the city of Detroit with all of its new shops, restaurants, parks, and accommodations. We hope that you will join us for the 2020 Jubilee as we celebrate our past, reconnect with our colleagues, and inspire each other for the future.
