Benson & Edith Ford Detroit Capital Fund	Fund to support capital and equipment for the Heart & Vascular Institute at Henry Ford Hospital.	148
Benson Ford Fund-Where Funds are Needed Most	This trustee-supervised fund directs your gift where it is needed most throughout Henry Ford and helps make possible improvements to medical facilities, fund research programs and provides the necessary tools for managing the health needs of people in our community.	630
BJC Anatomy Section Staff Education	Donations will help fund educational programs for staff of the Bone and Joint Center.	483
Black United Fund of Michigan (external fund; funds do not stay within HFHS)	The Black United Fund of Michigan was established in 1970 on the principles of community enrichment, self-help and education. This organization supports more than 50 local organizations annually through contributions made from workplace fundraising campaigns. http://bufmi.org/	888
Bladder Cancer Education and Research Fund	The fund shall be used to fund all items related to research and education from equipment needs, staff retention and recruitment, technology, training and other needs that advance the scientific knowledge and treatment of bladder cancer in the Department of Urology at Henry Ford Health.	616
Bob and Sandy Riney Helping Hands Fund	Helping Hands is a charitable initiative sponsored and funded entirely by employees and physicians to help co-workers, volunteers and retirees in times of need. Since its inception in 1992, the program has provided financial assistance to hundreds of people in need. It has achieved amazing results including helping pay for food, clothing and shelter for families who have lost their homes to fire as well as helping those who are sick or injured to pay for medical care unavailable through other means.	320
Bone and Mineral Research - Endocrinology	This fund will support Bone and Mineral research projects for Endocrinology, including new equipment, seed money for pilot projects and educational tools.	133
Bone Marrow Transplant Emergency Needs Fund	This fund will support the education and research projects for bone marrow transplants, including new equipment, seed money for pilot research projects, new technology and educational tools.	134
Brighton Center for Recovery - A. Viviano Art Therapy	In memory of Angela Viviano. For cost of art therapy materials and possibly instructional labor for in-house patients.	876
Brighton Center for Recovery - Children's Addiction Prevention Program	To cover costs directly associated with the Kid's Program including staff salaries and wages.	870
Brighton Center for Recovery - Employee Special Needs	Funds available for employees who show need due to unexpected hardship.	871
Brighton Center for Recovery - Greatest Need	General restricted donations held for funding of projects, programs and greatest capital needs for the benefit of Henry Ford Brighton Center for Recovery, as determined by leadership.	872
Brighton Center for Recovery - Halfway House Capital Campaign	Capital funding for the construction of the new halfway houses at Henry Ford Brighton Center for Recovery. Funds are to be used solely for the construction (hard and soft costs) of the new halfway houses at Henry Ford Brighton Center for Recovery. Any excess funds are to be used solely for support of the new halfway houses.	873
Brighton Center for Recovery - Health Professionals Recovery Program	Scholarships to meet the needs of health professionals for whom additional treatment is recommended by their clinical team but who do not have insurance or sufficient means for payment.	874
Brighton Center for Recovery - Patient Aftercare Extended	Patient Aftercare Extended Fund Proceeds from this fund will be used for a variety of needs for patients who otherwise could not afford care, as determined by the Director of Henry Ford Brighton Center for Recovery and the Brighton Outpatient Services and Halfway House manager. Funds will support staff, resident & patient needs and activities that maintain an environment that promote service of the poor, reverence, integrity, wisdom, creativity, dedication. Examples of such needs include, but are not limited to the following expenses: food, lodging, supplies, treatment, case management, utilities, therapy, as well as capital needs such as equipment, renovations, etc.	875
Brigitte Harris Cancer Pavilion Fund	The fund is the repository for donations to the Brigitte Harris Cancer Pavilion Fund, the anchor of Henry Ford Hospital's South Campus expansion project. Donations will be used for both capital and program needs.	655
C.A.R.E. Initiative General Fund	A general fund for unrestricted donations made in support of the C.A.R.E. (Caregiver Assistance Resources and Education) Initiative.	144

Cardiology Education Fund	Donations to this fund will be used for education activities within the Cardiology Department.	143
Cardiothoracic Surgical Division Fund	Donations to this fund will help support Henry Ford's Cardiothoracic Surgical Division through educational program and funding for special research projects.	141
Catherine M. Prince Cancer Relief Fund	This program was established by a cancer patient who wanted to help patients being treated at the Henry Ford Cancer - Detroit with limited resources. The program assists cancer patients who lack the economic resources to cover their medication, necessary treatment supplies or transportation for appointments.	140
Center for Autism and Developmental Disabilities (CADD): Racing For Kids	This fund supports Henry Ford Health Medical Center - Grosse Pointe initiatives toward the health care needs of children in Pediatrics and Autism research. The Henry Ford Center for Autism and Developmental Disabilities (CADD) is a world-class center committed to improving the lives of children and youth with special health care needs by providing a comprehensive diagnostic evaluation, evidence-based and accessible ABA therapy services, and a medical home standard of primary care.	145
Center for Cutaneous Oncology	This fund will advance the treatment, diagnosis and care of patients with skin cancer as well as support research initiatives, with the ultimate goal of finding a cure to skin cancer. Funds will be used for equipment purchases, research, travel, hiring personnel and other activities that enhance and advance the Center for Cutaneous Oncology.	192

Center for Health Services Research	The Center for Health Services Research conducts studies on new ways to improve how health care functions. It studies innovative ways to improve quality, control cost, and improve patient outcomes. Center investigators work collaboratively with doctors and nurses in studies on asthma, diabetes, and cancer care, as well as on racial/ethnic disparities in care for a variety of clinical conditions.	150
Center for Integrative Medicine	The Center provides a healing environment in a space of total relaxation and comfort. It is a state-of-the-art facility where highly trained practitioners provide therapies drawn from the best of the world's healing traditions to help you achieve overall wellness and optimal health. The Center's treatments include: neuromuscular therapy, massage therapy, acupuncture, and herbal and nutritional counseling.	160
Center for Medical Imaging Fund at Henry Ford Wyandotte Hospital	This fund supports medical imaging technology and programs for Henry Ford Wyandotte Hospital and Henry Ford Medical Center - Brownstown Township	382
Center for Structural Heart Disease Fund	This fund supports the specific work of the Center for Structural Heart Disease. These gifts support research, equipment procurement, and other needs.	182
Center for Women's and Children's Health Fund (Safe Sleep)	Funds support the birthing center at Henry Ford Wyandotte Hospital (HFWH), as well as Women's Services and pediatric services at HFWH and CHS. Currently the CWCH's main project is providing safe sleep sacks to all babies born at HFWH and Henry Ford Hospital to help eliminate the preventable deaths associated with SUID and SIDS (Sudden Unexpected Infant Deaths and Sudden Infant Death Syndrome).	374
Charles Townley, M.D. Endowed Resident Research Award	The Charles Townley, M.D. Endowed Resident Research Award will be presented annually to the resident demonstrating the most original research publication in a peer-reviewed journal. The award is open to all orthopedic residents in Michigan, both allopathic and osteopathic. Dr. Townley demonstrated tireless ingenuity as a resident at Henry Ford Hospital, and this award will uphold his spirit of imagination.	485
Clara Ford Nursing Excellence Program Fund	This fund will support the needs of Clara Ford Nursing Excellence Program which may include, but are not limited to, programs designed to increase longevity of nursing careers, caring for and nurturing existing nursing staff, nurse recruiting, nurse education, collaboration between nursing partners, as well as administrative and salary costs associated with managing this program. The Chief Nursing Officer at HFH, currently Eric Wallis, RN, Shall be responsible for carrying out the intended purpose of the gift.	463
CLEAR Conversations Project	The Clear Communications Project supports the implementation of the connect-listen-empathize-align-respect (CLEAR) Conversations model to continually improve physician communications with patients and families.	185
Colon and Rectal Surgery Research and Academic Fund	This fund shall be used in support of research in the treatment of colon and rectal diseases, along with the costs for any resources needed to successfully perform this research including but not limited to, equipment, recruitment and retention of staff, physical space, and optimization of education. The Chair Division of Colon and Rectal Surgery at Henry Ford Health shall be responsible for carrying out the intended purpose of the gift.	147
Community Care Services Each Patient First Fund	This fund provides financial assistance to current Henry Ford Home Health Care patients who demonstrate financial need and are sponsored by a Henry Ford Home Health Care employee. The focus of the program is to improve the quality of patients' lives by helping to pay for medications, supplies and medical-related products that are not currently being provided for or funded by other sources.	215
Community Health (Yes Ma'am Fund)	The Wyandotte Yes Ma'am fund provides mammogram screenings for under and uninsured patients. It also provides assistance for any follow-up care that may be needed.	650
D. Emerick and Eve Szilagyi Chair in Vascular Surgery	This fund was established to support the legacy of this outstanding clinician and scientist. Funds support the research and educational endeavors of the Division of Vascular Surgery at Henry Ford Hospital.	611
David DiChiera Music Therapy Program	This fund supports a music therapy program in honor of David DiChiera, an American composer and founding general director of Michigan Opera Theatre, and is specifically for patients battling cancer.	291
Department of Emergency Medicine Chairman's Education and Research Gift Fund	This fund is for the development of research and education and will be used to further the program in the Department of Emergency Medicine.	219
Department of Family Practice Endowment	This fund will support the education and research projects for the department of Family Practice, including new equipment, seed money for pilot projects, new technology and educational tools.	250
Department of Surgery High School Mentorship Program [Dr. Okereke]	Funds to support the Department of Surgery High School Mentorship Program. Funds should be used for: stipend payments to program coordinator, simulation center coordinator, student summer interns, materials, supplies, refreshments, and travel.	549
Destination Grand - Henry Ford Hospital Detroit Campus Transformation	This fund supports all aspects of the Henry Ford Hospital campus expansion project including but not limited to the construction of a brand-new, state-of-the-art academic hospital facility with patient tower.	575
Detroit Institute of Ophthalmology (DIO) General Fund	The DIO General Fund is the account that will receive annual donations that will be restricted for the general operating use for the Detroit Institute of Ophthalmology.	223
Detroit Institute of Ophthalmology Friends of Vision Fund	Donations to this fund supplement monies raised by our volunteer arm, the Friends of Vision.	194
Detroit Institute of Ophthalmology Research Fund	This fund will support research development.	197
Detroit Institute of Ophthalmology Support Group Fund	This fund covers expenses related to running support groups at the Detroit Institute of Ophthalmology (excluding transportation expenses).	195
Diagnostic Radiology (Eyler Fund)	This fund will support the education and research projects for the department of Diagnostic Radiology, including new equipment, seed money for pilot projects, new technology and educational tools.	200
Dialysis Patient Nutrition Assistance Fund	This fund provides supplements at cost or free of charge to Greenfield Dialysis patients who are financially unable to purchase them otherwise.	209
Donald M. Ditmars, MD, Plastic Surgery Research Fund	This fund will support the education and research projects for the division of plastic surgery, including new equipment, seed money for pilot projects, new technology and educational tools.	519
Downriver Special Projects Fund	This fund was established for patients who need urgent help. It might be a prescription for an elderly patient's needs. Or it might be a piece of life-saving equipment for a young mother. Hundreds of low-income patients, including the elderly, young adults and underinsured receive prescriptions, equipment and other medical necessities through this program which they would otherwise not be able to afford.	580
Dr. Claudio Schuger Research Fund	To support and advance research and quality in the field of Cardiac Electrophysiology at Henry Ford Hospital, enabling Cardiac Electrophysiology fellows and staff to provide world class care to their patients.	146
Dr. Colleen Grace Cancer Fund	The purpose of this fund is to honor the memory of Dr. Colleen Grace, late daughter of William and Sue Conway, and to fund general purpose cancer programs, to include but not limited to, research, education, equipment or other capital needs.	213
Dr. Manuel L. Brown Radiology Fund	To support the strategic needs of the Radiology Department, as determined by the Chair. The funds will support patient and staff education (e.g., the annual visiting professor lecture, costs and honorarium associated with guest speakers), salary support, research, equipment, and capital needs.	203
Edith and Benson Ford Heart & Vascular Institute Fund	This fund supports the greatest needs of the Edith and Benson Ford Heart & Vascular Institute at Henry Ford Health.	149

Emergency Department - Sterling Heights Medical Center	This fund would help support the education and research projects for the department, including new equipment, seed money for pilot projects, new technology and educational tools.	221
Endocrinology and Metabolism Research Fund	This fund will help support the education and research projects for the department, including new equipment, seed money for pilot projects, new technology and educational tools.	230
Epilepsy Program Fund	This fund will support the education and research projects specific to epilepsy, including new equipment, seed money for pilot projects, new technology and educational tools. In addition, this fund assists patients with epilepsy who lack the economic resources to cover their medication, necessary treatment supplies or transportation for appointments.	233
Eye Care Service Ralph Conger Fund	This fund supports the education and research projects for the department of Visual Rehab/Low Vision, including new equipment, seed money for pilot projects, new technology and educational tools.	245
Eye Care Services Capital Fund	Supports the department in acquiring new equipment as well as upgrading current equipment.	241
Eye Care Services McCole Chair	This fund will support the education and research projects for the department of Eye Care Services, including new equipment, seed money for pilot projects, new technology and educational tools. Funds support educational and research activities in the Department of Ophthalmology and Eye Care Services.	244
Fairlane General Fund	Henry Ford Health Medical Center - Fairlane currently has two main projects in need of funding: the expansion and renovation of the ambulatory surgery area, and the expansion and renovation of the emergency department. Both of these areas are very important to all of the patients in the Southern region.	350
Fairlane Medical Center Emergency Department	This fund will support Henry Ford Health Medical Center - Fairlane's Emergency Department by providing funding new equipment, seed money for pilot projects, new technology and educational tools, and a variety of other activities that are vital to the productivity of the department.	348
Female Pelvic Floor Medicine and Reconstructive Surgery Division Research and Education Fund	This fund will be used to support research and education activities related to female pelvic floor medicine and reconstructive surgery.	512
Francee and Benson Ford, Jr. Breast Care and Wellness Center at HFWB	This fund will support the needs of the breast care and wellness center located at Henry Ford West Bloomfield Hospital.	361
Fund for Gynecology Cancer	This fund will support the education and research projects for the department of Obstetrics and Gynecology, including new equipment, seed money for pilot projects, new technology and educational tools.	640
Fund for Kingswood	This fund will support the education and research projects for Henry Ford Kingswood Hospital, including new equipment, seed money for pilot projects, new technology and educational tools.	254
Game On Cancer Patient & Research Fund	Game On Cancer (GOC) provides assistance to patients that alleviates barriers to cancer care and provides critical cancer research funding and supportive oncology programs. 100% of funds raised support this mission. The patient assistance program is frequently used to assist with groceries, housing, utilities, transportation, medication, medical supplies, other essential non-medical items not covered by insurance. Often times patients are forced to make the choice between cancer treatments or buying groceries, not having a ride to chemotherapy appointments and/or not being able to pay rent or mortgage. Game On Cancer helps to relieve stress and bridge financial gaps so that patients can focus on their cancer treatment.	265
Gastroenterology Research Fund	This fund will support the education and research projects for the department of Gastroenterology, including new equipment, seed money for pilot projects, new technology and educational tools.	270
Gaylord D. Alexander, M.D. Endowed Anesthesiology Resident Education Fund	The Gaylord D. Alexander, M.D. Endowed Anesthesiology Resident Education Fund is established by Gaylord D. Alexander, M.D. exclusively to enhance the education and training of anesthesia residents by providing scholarships for residents to travel to a resource-poor area of the globe to provide care and receive training.	275
Gene Therapy Cancer Research	This fund will support the research projects for the department of Gene Therapy Cancer, including new equipment, seed money for pilot projects, new technology and educational tools.	278
General Internal Medicine Fund	This fund will support the education and research projects for the department of General Internal Medicine, including new equipment, seed money for pilot projects, new technology and educational tools.	279
Genesys - Breast Cancer	Fund to support Henry Ford Genesys Breast Center patients. Fund will also support program and capital equipment needs.	801
Genesys - Capital Equipment	Fund to support the purchase of capital equipment at Henry Ford Genesys Hospital.	802
Genesys - Community Healing Fund (Grand Blanc)	The Genesys Foundation has established the Community Healing Fund to support programs at the hospital and in the community that provide resources to promote mental wellness, violence prevention and unity. This fund was established with support from Henry Ford Genesys Hospital leadership in response to the tragic and targeted act of violence that took place on September 28, 2025 at the Church of Jesus Christ of Latter-Day Saints Chapel in the Grand Blanc community.	810
Genesys - Community Health and Wellness	Funds restricted to benefit Community Health and wellness initiatives in the Henry Ford Genesys Hospital community.	803
Genesys - Friendship Fund (Associate Hardship)	Genesys associate hardship (assistance) fund. Fund supports Genesys associate requests for hardship support.	804
Genesys - Heart Center	Fund to support the Henry Ford Genesys Heart Institute: equipment, program and services associated with the program.	805
Genesys - Hospice - Children's Bereavement Services	Funds are to be used to support and assist in the care of pediatric hospice patients and respective families: equipment, programming, educational materials, hardship assistance, etc. In the past, Fund has supported direct patient care needs: utilities, phone, funeral expenses, minor home medical equipment, educational materials, etc. Funds have also been used to support the annual Reverence Family Memory Tree Event in December.	806

Genitourinary Oncology Research Fund	This fund will be used to support cancer research for genitourinary malignancies.	277
Ghaus Malik Lectureship and Education Fund	The Ghaus Malik Lectureship and Education Fund supports a neurosurgery lectureship and neurosurgery education	439

Global Health Initiative Strategic Fund	Henry Ford Health makes a difference around the world. The Global Health Initiative partners with 26 departments and divisions to share our expertise and build capacity with partners abroad. One of the most meaningful GHI activities is hosting trainees from developing countries and sending HFH experts abroad through a medical education exchange. Donations through Employee Giving to GHI go directly to: \$250 (~\$10/pay) hosts one global health lecture at Henry Ford Health or abroad; \$1,000 (~\$40/pay) covers roundtrip airfare for 1 international trainee or 1 Henry Ford Health expert; \$2,500 (~\$100/pay) covers the full cost of the exchange experience for 1 international trainee or 1 Henry Ford Health expert abroad.	283
Goldman Therapy Dog Program	The goal of this program is to present healthy, active and energetic facility dogs who are handled by accountable, enthusiastic, and sensitive handlers. With additional dogs, we can meet more patient requests. Creating a handler team will allow the dogs to perform at their best, will increase communication with staff, provide routine schedules, and ensure consistent dog training occurs.	105
Head and Neck Cancer Program	These funds will be used to support the enhancement and expansion of the Head and Neck Cancer Program within the department of Otolaryngology. The needs of this program include patient and staff education as well as funds for research, equipment and capital needs.	304
Healing Arts Program	This program uses art to promote health and healing by enhancing the physical environment for everyone using HFH hospitals and medical centers. Through the addition of artwork in care delivery rooms and waiting areas, the programs looks to create an atmosphere that is calming and nurturing for patients as well as staff. Donations to this fund will support the purchase, installation and maintenance of artwork throughout the HFH.	290
Heart Failure Rehab Project	This fund will support the education and research projects for Heart Failure Rehab, including new equipment, seed money for pilot projects, new technology and educational tools.	302
Heart Failure Research Project	This fund will support the education and research projects for Heart Failure, including new equipment, seed money for pilot projects, new technology and educational tools.	301
Heart Transplant Emergency Needs Fund	Funds will be used help out heart transplant patients when needed. Usually a one-time use per patient with a maximum amount allowed and approved by social work and program directors.	298
Henry Ford at Home Development Fund	This fund is designed to support innovation and advancement of in-home services, products and technologies. Funds are dedicated to specialized education of staff, acceleration of patient care process improvement and testing of new in-home technology.	329
Henry Ford Cancer - Brownstown Township Endowment Fund	This fund is endowed to provide ongoing support of oncology research through Henry Ford Cancer - Detroit. As an endowment, only the interest made off the corpus investment will be spent, allowing research to be supported in perpetuity.	395
Henry Ford Cancer - Detroit	This fund supports the education and research projects for the Henry Ford Cancer - Detroit, including new equipment, seed money for pilot projects, new technology and educational tools.	393
Henry Ford Cancer - Detroit Capital Building Fund	Supports the capital building of the expansion of the current Henry Ford Cancer - Detroit.	389
Henry Ford Cancer - Detroit Patient Needs Fund	The Patient Medical Needs Fund was established for patients who need urgent help. It might be a prescription for an elderly patient's needs. Or it might be a piece of life-saving equipment for a young mother. Hundreds of low-income patients, including the elderly, young adults and underinsured receive prescriptions, equipment and other medical necessities through this program which they would otherwise not be able to afford.	392
Henry Ford Cancer - Detroit Supportive Oncology Services Comfort Bites Fund	This fund will be used for a pilot program called Comfort Bites, offering Henry Ford Hospital chemotherapy patients a variety of healthy and nutritious snack options. The goal is to purchase Henry Ford Cancer - Detroit dietician-approved snack choices and utilize trained volunteers to give chemotherapy patients the option to choose a healthy snack increasing satisfactions with their care and overall well-being.	266
Henry Ford Education Research and Leadership Development (HERALD) Anesthesiology	The Henry Ford Education Research and Leadership Development (HERALD) fund donations support training and mentoring the next generation of educational leaders who advance the science of learning through the integration of modern adult learning theory and cutting-edge technologies to develop rigorous metrics and measuring progression of knowledge, skills, and abilities (KSA). This approach will not only improve education, but also outcomes for our patients. The key modalities employed are hand motion tracking and virtual/augmented reality systems.	121
Henry Ford Health + Michigan State University Health Sciences	This fund supports collaborative efforts between Henry Ford and MSU in multiple areas, including research, medical education, clinical integration and innovation, as well as our journey toward National Cancer Institute designation.	199
Henry Ford Health Green Fund for Environmental Sustainability	This fund will support the environmental sustainability efforts such as expanding our recycling program, reducing waste, installing water bottle filling stations, making our facilities more bike and pedestrian friendly, and reducing overall impact on the environment with a goal of improving the health of employees, patient and communities.	556
Henry Ford Health Patient Medical Needs Fund	This fund will be used to support Henry Ford Health patients that need assistance with the costs associated with medical care. This may include, but is not limited to, costs associated with prescription medications, costs related to transportation to obtain medical services, medical equipment expenses, and other costs associated with medical services.	101
Henry Ford Health Medical Center - Grosse Pointe Emergency Department	This fund would help support the education and research projects for the department, including new equipment, seed money for pilot projects, new technology and educational tools.	322
Henry Ford Health Medical Center - Grosse Pointe Special Needs Fund	Donations to this fund will cover the cost of new equipment, programs unique to the center and facility upgrades.	328
Henry Ford Health Medical Center - Grosse Pointe Women's Services Fund	Henry Ford board-certified radiologists and a specialized staff of technologists provide film-screen and digital mammography, 4-dimensional ultrasound, bone densitometry, and minimally invasive breast biopsy in a female-friendly, attractive and comforting environment. A Registered Nurse Breast Care Coordinator gives women guidance and support when further testing or surgery is needed. Mammopads are provided to patients free of additional charge to help minimize compression discomfort during mammograms.	325
Henry Ford Hospice	Hospice is a unique philosophy of care designed to meet the needs of patients who are in the final stages of terminal illness. Home care supported and guided by a multidisciplinary team of professionals is at the heart of the hospice philosophy. The goal is to manage terminal disease in a way that makes it possible for dying patients to remain at home in the care of their families for as long as possible.	380
Henry Ford Hospital - Tom Groth Patient Medical Needs Fund	This is an amazing opportunity to help people who desperately need help but can't afford the cost of health care. At Henry Ford Health, the Patient Medical Needs Fund was established for patients who need urgent help. It might be a prescription for an elderly patient's needs. Or it might be a piece of life-saving equipment for a young mother. Hundreds of low-income patients, including the elderly, young adults and underinsured receive prescriptions, equipment and other medical necessities through this program which they would otherwise not be able to afford.	340

Henry Ford Hospital Building Fund	Over the next ten years we need to raise funds to pay for major upgrades to our campus and for important programs unique to the hospital. A gift to this building fund will help renovate this historic facility in ways that will touch hundreds of thousands of lives for decades.	330
Henry Ford Hospital Emergency Department Renovation Fund	The Department of Emergency Medicine is the largest gateway to Henry Ford Hospital. The Department has a distinguished history of both basic science and clinical research. This Level I trauma center will embark on a major renovation project to expand the space and services to better serve the city of Detroit and all Southeast Michigan.	220
Henry Ford Hospital Memorial Garden	The Memorial Garden offers a quiet place near the hospital for parents and family experiencing a loss of a loved one to express love and grieve in natural, peaceful surroundings.	343
Henry Ford Hospital Research Program	The Research General fund supports research initiatives, including new equipment, seed money for pilot projects, new technology, educational activities and infrastructure improvements (i.e., renovations). The research studies fall into three main categories: 1) basic science studies in important areas of biomedical research; 2) clinical trials of new treatments and devices; and 3) health and population studies related to the prevention, diagnosis, treatment and management of chronic and acute conditions.	540
Henry Ford Jackson - Area of Greatest Need	Your gift will be used in the way that is most meaningful and effective in meeting the ever-changing needs of Henry Ford Jackson. Your donation supports the Mission to lead our community to better health and well-being at every stage of life.	710
Henry Ford Jackson - Business Support Professional Development	Your gift will help bring in special continuing education speakers and provide conference and scholarship opportunities for non-clinical staff.	724
Henry Ford Jackson - Charity Care for Patients	Your gift will bring our Mission to life by helping Henry Ford Jackson cover the cost of care we provide for patients who otherwise cannot afford to pay.	711
Henry Ford Jackson - Clinical Professional Development	Your gift will help bring in special continuing education speakers and provide conference and scholarship opportunities for patient care staff who are not nurses.	725
Henry Ford Jackson - Gayle M. Jacob Cancer Center	The Gayle Jacob Cancer Center Expansion Fund supports the growth and expansion of the Cancer Center as well as its programs and services.	734
Henry Ford Jackson - Graduate Medical Education (GME)	Your gift will enhance the GME program and enable Henry Ford Jackson to recruit and retain the very best residents.	714
Henry Ford Jackson – Health Improvement Organization Fund	Proceeds will be used to benefit the Health Improvement Organization (HIO) which promotes a culture of wellness and prevention in the Jackson region. The HIO is a collaboration between Henry Ford Jackson and more than 30 other health and community service organizations. It has created a community action plan to prioritize and address pressing health needs, particularly for underserved populations.	730
Henry Ford Jackson - Holiday Food Drive	Your gift will provide holiday food baskets to Henry Ford Jackson staff and the Jackson Community who are experiencing financial hardships. Each holiday food basket recipient will receive a turkey, an aluminum pan, a gallon of milk and a loaf of bread along with a basket of non-perishable items.	727
Henry Ford Jackson - Hospice Unrestricted Fund	Believing that end-of-life care is encompassed in our mission, we provide comfort and care for everyone regardless of insurance or ability to pay. The purpose of the Hospice Care Fund is to provide Henry Ford Jackson financial support to provide charity care for patients receiving hospice care in their home or at another facility.	732
Henry Ford Jackson - Nursing Professional Development	Your gift will help bring in special continuing education speakers and provide conference and scholarship opportunities for nurses.	726
Henry Ford Jackson - Patient Immediate Needs	Your gift will help remove financial barriers that can keep our patients from accessing care. Donations will go toward gas cards, bus tokens, food cards, clothing, utility assistance, eyeglasses, dentures, home health safety items and other essential support for patients and caregivers.	718
Henry Ford Jackson - Patient Immediate Needs Fund-Cancer	To give Henry Ford Jackson cancer patients, the best focus and ammunition to fight cancer, the Cancer Patient Immediate Needs fund was created to help our patients by removing financial barriers that keep them from accessing care. Donations purchase grocery and gas cards and help to pay utility bills.	719
Henry Ford Jackson - Perinatal Bereavement	Your gift will help those who have experienced the loss of an infant to navigate their grief through memory boxes, photographs, burial gowns, books and support services. This can include early pregnancy loss too.	720
Henry Ford Jackson - SAFE (Staff Assistance for Emergencies) Fund	Your gift will assist Henry Ford Jackson staff who are experiencing sudden, unforeseen financial hardships. Since its inception in 2018, the program has provided financial assistance to hundreds of people in need.	721
Henry Ford Jackson - Structural Heart Program	This fund will bring new hope to individuals with advanced heart disease related to the heart's valves, walls or muscle. The Structural Heart Program involves highly complex, minimally invasive procedures that require extensive training and a custom-built procedure room to accommodate advanced imaging technology.	731
Henry Ford Jackson - Substance Abuse Services	Your gift will improve the quality of education we offer to individuals taking their first steps toward a sober life.	722
Henry Ford Jackson - Tejada Center for Radiation Oncology	The Tejada Radiation Oncology Fund support the supports the needs of the Radiation Oncology Program at HFAH.	733
Henry Ford Jackson - Women's Health Center	Your gift will help provide post-treatment spa facials and massage that promote relaxation and healing for women with cancer.	723
Henry Ford Jackson Sexual Assault Nurse Examiners (SANE)	The purpose of the SANE Fund is to support the development and expansion of the Sexual Assault Nurse Examiners Program at HFAH. Disbursements can be used for staff education, patient and family education, program materials and supplies, and other items that support the growth of the SANE program.	735
Henry Ford Male Reproductive and Sexual Medicine Fellowship Fund	To support the development of the men's health program and the male reproductive and sexual medicine fellowship at Henry Ford. The goal of the program is to provide patient centered precision medicine for men with reproductive and sexual medicine concerns, conduct cutting edge research to advance the field, and train the next generation of experts and thought leaders in the field of men's health.	614
Henry Ford Medical Group Impression Fund	Funds to be used to purchase items to enhance the appearance of the Detroit Campus Clinic Building.	285
Henry Ford Pancreatic Cancer Center Research Innovation Fund	Fund to be used as to support a multi institutional Pancreatic consortium, led by HFH, which serves as an advisory board for national and international partnerships with the focus on early detection, data analytics, clinical trials, translational research, precision medicine all while leveraging the unique HFH patient data combined with additional sources. The Medical Director of Henry Ford Cancer Institute in collaboration with the Director(s) of the Henry Ford Pancreatic Cancer Center shall be responsible for carrying out the intended purpose of this gift.	474
Henry Ford Plymouth Emergency Department General Fund	Fund will support the Plymouth Emergency Department, providing funding for new equipment, seed money for pilot projects and educational tools, and a variety of other activities that are vital to the productivity of the department.	598
Henry Ford West Bloomfield Hospital Patient Medical Needs Fund	This fund will help support the medical needs of patients at HF West Bloomfield Hospital, including but not limited to, prescriptions, equipment and other medical necessities otherwise unavailable to patients who can't afford them.	644
Henry W. Lim, M.D. Lectureship and Education Fund (Dermatology)	This fund will support the education and research projects for the department of Dermatology, including new equipment, seed money for pilot projects, new technology and educational tools.	190

Henry W. Lim, M.D., Endowed Chair in Dermatology Research	The Henry W. Lim, M.D., Endowed Chair in Dermatology Research is established to support research consistent with the mission of the Henry Ford Hospital Department of Dermatology. The research should further enhance the position of the Department as a leading academic department of dermatology in the US, a department with a long tradition of providing excellent patient care through research and education of the next generation of dermatology.	335
Hermelin Brain Tumor Center	The Hermelin Brain Tumor Center has been recognized by the National Cancer Institute since 1993 for delivering the most advanced brain tumor therapies. The Center is on course to become one of the top five innovative brain tumor centers in the United States.	381
HF Alumni Association Endowed Fund	Fund to provide financial support for resident awards and educational activities of the Henry Ford Alumni Association at Henry Ford Hospital.	287
HFH Rehabilitation Services Fund for Enhancing Patient Outcomes	This fund will support research initiatives that will result in new evidence-based research that enhances patient outcomes through PT and OT interventions in an acute care setting. This fund will also be used to purchase activities and/or materials utilized in the treatment of patients.	486
HFMG Diversity, Equity, Inclusion and Justice (DEIJ) Fund	This fund supports Henry Ford Medical Group's efforts related to Diversity, Equity, Inclusion and Justice (DEIJ). HFMG recognizes that DEIJ initiatives can have a direct positive impact on patient health outcomes. These efforts may include research activities to understand the impact of DEIJ interventions, patient educational interventions, staff education and training, etc.	104
HIV Patient Needs Fund	This fund supports the efforts of studies of cause and prevention of infection in hospitalized patients, prevention of food-borne infections, infections in the immune compromised patients and HIV/AIDS research and education.	402
Hospice SandCastles Grief Support Program	Children are special and sometimes they need special help. SandCastles Grief Support Program, established in 1997 by the Hospice of Henry Ford Health, focuses on the belief that every child and teen deserves the opportunity to grieve in a supportive, nurturing environment. Grieving children and teens, ages 3 to 18, are offered a special place where they can interact with peers who have experienced similar losses, learn life-long coping skills and most importantly begin a healthy healing process. This program exists solely on donations given directly to the program.	550
Howard Neff Fund to Support Vision Restoration	Vision restoration was a passion for Howard Neff, M.D. He believed that we will be able to implant a device in the eye that will help the blind to see again. Progress has been made in this field but more research is still needed. Money donated to this fund will support research in the development of neuro-prosthetic devices to restore vision. The Fund can be used toward: equipment, research methods, salary and other resources that will contribute to the development of vision restoration techniques, equipment and practices.	623
HVI Research Fund	This fund supports research projects for the Heart and Vascular Institute at Henry Ford Hospital.	303
Hypertension Education & Research Fund	The Hypertension Research and Education Fund supports the education and research projects for the department, including new equipment, seed money for pilot projects, new technology and educational tools.	390
Infectious Disease Education and Research Fund	The Infectious Disease Education and Research Fund supports the efforts of studies of cause and prevention of infection in hospitalized patients, prevention of food-borne infections, infections in the immune compromised patients and HIV/AIDS research and education.	400
Infectious Diseases and Immunocompromised Host Research Fund	Contributions to this fund will help to support research for transplant patients. Other activities include research related activities for supplies, conferences and publication costs.	401
Innovation Institute	Established in 2012, HFII is the flagship of Henry Ford Health's commitment to innovation and serves as both a physical and virtual resource. It provides System innovators access to an array of intellectual asset-related resources and programs that include technological opportunity assessment, engineering services for prototypes, seminars designed to convey opportunities, programs aimed at developing specific medical products and broad educational offerings in the realms of translational medicine and the entrepreneurial arts.	399
Institute on Multicultural Health AIM HI	The vision of the Institute on Multicultural Health (IOMH) is to achieve health equity for underrepresented racial/ethnic minorities, as well as other marginalized and underserved populations, and to eliminate health inequities for all. Our strategy includes conducting and facilitating projects focusing on health and healthcare disparities, developing community-based initiatives that work towards sustainable solutions for equity in health/healthcare, and providing training and consultation to build organizational capacity for integration of interventions that will achieve healthcare equity.	100
Internal Medicine Education and Research Fund	This fund will support the education and research projects for the department of Internal Medicine, including new equipment, seed money for pilot projects, new technology and educational tools.	410
Interventional Radiology Fund	This fund will be used to support the equipment, new technology and patient needs of the Interventional Radiology program throughout Henry Ford Health under the direction of the Chairman of the Department.	398
J.D. Carey Residency Endowment	The fund supports the education and training of residents within the Department of Eye Care Services enabling them to develop the necessary skills to become specialists.	240
Jan Rival, M.D. Traveling Resident Fellowship	Funds to provide annual support for a selected resident to attend the National American College of Physicians meeting.	403
Jerry Yee, M.D. Academic Development Fund	In memory of Dr. Jerry Yee who led the Division of Nephrology and Hypertension at Henry Ford Health for 20 years. This fund will support the academic mission of the Division of Nephrology & Hypertension at Henry Ford Health. This may include but is not limited to education, research, equipment, seed money for pilot projects, technology, etc.	422
Karen J. Stuck, M.D. Radiology Resident	The annual interest accrued from this endowment will be provided each spring as a stipend to the outstanding senior radiology resident who demonstrates excellence in teaching, research, and education.	406
Karen Stuck M.D. Radiology Technologist Fund	For the Radiologist Technologist who demonstrates outstanding contributions and excellence in radiologic technology. HFH will use the gift in support of an endowment for an annual monetary award for education for a senior technologist within the Department of Diagnostic Radiology at HFH who demonstrates marked excellence in patient care, teaching and mentoring.	532
Yaremchuk, M.D., Endowed Chair in Otolaryngology-Head and Neck Surgery	The fund shall be used to support research consistent with the mission of the Henry Ford Hospital Department of Otolaryngology, including investment in research that increases access to National Institutes of Health grants and translational research directly impacting patient care. The research should further enhance the position of the department as a leading academic Department of Otolaryngology in the United States, a department with the long tradition of providing excellent patient care through research and education of the next generation. To continue that tradition, funds may also be utilized for recruitment, retention, mentoring and growing the department.	497
Kidney Transplant Emergency Needs Fund	This fund supports kidney transplant patients who are in medical or financial need.	396

Lisa and Christopher Jeffries Center for Precision Medicine	These resources will support all aspects of leading-edge scientific, clinical and educational activities that advance the precision medicine enterprise of Henry Ford Health System. These efforts will better patient care, improve outcomes and truly transform the practice of medicine.	181
Lung Cancer Research & Innovation Fund	This fund shall be used to advance more diverse, equitable leading-edge discovery in lung cancer research through the development of a biorepository inclusive of our diverse patient population. The biorepository will support the development of next-generation cancer drug/therapies, advance the understanding of the role of gut microbiome and metabolism and so much more to create better health outcomes for all people battling lung cancer.	524
Lung Transplant Fund	Gifts to this fund will help support the education and research programs for lung transplantation in the Transplant Institute.	522
Macomb Campus Pastoral Care Fund	Maybe it's a short prayer card, a bible or even a rosary. Whatever it is, Pastoral Care provides these compassionate items which can help comfort us through a difficult time. Your support of Pastoral Care at Henry Ford Macomb Hospital can enable our Chaplain to continue providing families of loved one with these types of items whenever needed.	318
Macomb Hospital Behavioral Medicine Fund	The Henry Ford Macomb Hospital behavioral medicine staff work with patients to provide innovative and effective treatments. This fund will be used to support the needs of the Behavioral Medicine Program.	351
Macomb Hospital Circle of Caring Fund	This fund previously directed by Sr. Bernadette will be used where it is needed most at Henry Ford Macomb Hospital to provide the necessary tools for managing the health needs of people in our community. Thank you for helping us meet the needs of people in our community.	352
Macomb Hospital Emergency Department Fund	The Henry Ford Macomb Hospital Emergency Department Fund will support the HFMH Emergency Department and be utilized to purchase new equipment, seed pilot projects, acquire new technology and educational tools, and support a variety of other activities that are vital to the productivity of the Emergency Department.	446
Macomb Hospital Employee Emergency Seton Fund	This fund recognizes that all of us face emergency situations from time to time that may require assistance in meeting these unexpected expenses. Henry Ford Macomb Hospital has established the Seton Employee Emergency Fund to help employees meet financial needs in a time of crisis.	358
Macomb Hospital Heart Institute	Donations to this fund help support the ongoing improvements and equipment that lead to better diagnosis and treatment of Heart and Vascular patients.	353
Macomb Hospital K9 Fund	This fund supports Macomb's K9 program. The K9 unit will patrol HFMH and interact with patients, staff, visitors and more. Their reassuring presence deters aggressive behaviors while bring emotional support to patients who need it.	337
Macomb Hospital Medical Education Fund	This fund supports education and research projects for Medical Education including helping to provide new equipment, enhanced technology and educational tools.	448
Macomb Hospital Medical Staff Fund	The Henry Ford Macomb Hospital medical staff provides high quality and personal medical care to thousands of people who live and work in the surrounding area. Donations to this fund will support the needs of Henry Ford Macomb Hospital based on recommendations made by members of the medical staff.	356
Macomb Hospital Neighbors Caring for Neighbors General Fund	The Neighbors Caring for Neighbors Outreach Clinics provides basic medical care and health education to uninsured low-income Macomb County residents. The clinics offer a wide range of services including treatment of acute conditions, management of chronic illnesses, physicals, and prescription assistance. Children and adults alike benefit from the sacred care given at the clinic.	354
Macomb Hospital Neuroscience Fund	This fund will support the education and research projects for the department of Neuroscience, including new equipment, seed money for pilot projects, new technology and educational tools.	357
Macomb Hospital Nursing Fund	Nurses are important and vital to the success of Henry Ford Macomb Hospital. This fund will be used specifically for the education and advancement of our nurses through a variety of activities.	355
Macomb Hospital Oncology Center Fund	This fund supports the cutting-edge Cancer Institute at Henry Ford Macomb Hospital, including enhancements in patient care and treatment.	349
Macomb Hospital Patient Medical Needs	At Henry Ford Macomb Hospital, the Patient Medical Needs Fund was established for patients who need urgent help. It might be a prescription for an elderly patient's needs. Or it might be a piece of life-saving equipment for a young mother. Hundreds of low-income patients, including the elderly, young adults and underinsured receive prescriptions, equipment and other medical necessities through this program which they would otherwise not be able to afford.	345
Macomb Hospital Strategic Fund	The Henry Ford Macomb Hospital Strategic Fund will receive annual donations that will be restricted for the general operating and/or capital needs of the hospitals. The Chief Executive Officer (CEO) of Henry Ford Macomb Hospital will identify areas of need, and the funds raised will be spent at the discretion of the CEO.	338
Macomb Hospital Tower Campaign Fund	Funds will support the Henry Ford Macomb Hospital Bed Tower project including the expansion, renovation, artwork and equipment needs.	680
Macomb Hospital Trauma Fund	Supports the trauma program at Henry Ford Macomb Hospital.	336
Macomb Hospitals "Yes Ma'am" Fund	This fund will provide vouchers through the Neighbors Caring for Neighbors Clinic for women and men who need breast screening.	306
Macomb Hospitals Bariatric Educational Fund	This fund is to be used for education of the bariatric staff and patient needs as per the discretion of the Bariatric Program Manager.	305
Macomb Surgical Center Fund	A Capital Campaign will raise fund(s) for HFMH Surgical expansion/renovation project. The funds raised will be used to support the expansion, renovation and equipment needed to complete this project.	307
Maplegrove Patient Care Fund	This fund will provide support and treatment to patients and the families in need of the services through the alcohol and substance abuse program at Henry Ford Maplegrove	412
Maplegrove/Substance Abuse Treatment Excellence	This fund supports excellence in the prevention, diagnosis and treatment of substance abuse disorders including that of alcohol and opiates. More than 20 million Americans suffer from a substance use disorder. This fund supports residential, outpatient and consultative services for teens and adults combining expertise in education, prevention, psychotherapies, and pharmacotherapies, when appropriate. Excellence includes interventions in the acute phase as well as sustained recovery and wellness who struggle with addiction and abuse.	129
Medical Education Fund	This fund will be used specifically for the education and advancement of our staff through a variety of activities.	417
Michael C Tomlanovich, M.D. Endowed Fund	The Department of Emergency Medicine is the largest gateway to Henry Ford Hospital. The Department has a distinguished history of both basic science and clinical research. This fund will continue to support the educational and research needs of the department.	599
Minimally Invasive Program Development	For the promotion and development of staff interested in minimally invasive women's health surgery - robotics.	642
Movement Disorders Research Fund	To support research being conducted by the Department of Neurology.	418

Mrs. Hema & Dr. Sudhaker D. Rao Bone & Mineral Research Legacy Endowed Fund	This fund shall be used to recognize leadership in bone and mineral disorders by sponsoring a visit by prominent researchers to the HFHS campus to present their noteworthy findings to the medical community. This fund may also be utilized for related research projects such as training interested candidates to learn the trans-iliac bone biopsy procedure, a technique Dr. Rao mastered and revived, bone histomorphometry and other related research projects.	135
Multicultural Dermatology Fund	This fund will support the education and research projects for Multicultural Dermatology, including new equipment, seed money for pilot projects, new technology and educational tools.	414
Multiple Sclerosis Research Fund	This fund will support the education and research projects specific to Multiple Sclerosis, including new equipment, seed money for pilot projects, new technology and educational tools. In addition, this fund assists patients with Multiple Sclerosis who lack the economic resources to cover their medication, necessary treatment supplies or transportation for appointments.	413
Nancy Schlichting Endowed Leadership Lecture	The fund will pay tribute to Nancy Schlichting's vision, innovation and determination, which ushered in a new era in Henry Ford's long and storied history. Every year, this lecture will invite great minds in leadership and health care to Henry Ford Health to speak on topics that foster the same kind of illumination and transformation Nancy has inspired.	555
Neonatal Intensive Care Unit Fund	This fund will support the education and research projects for the Neonatal Intensive Care Unit, including new equipment, seed money for pilot projects, new technology and educational tools.	419
Nephrology Education and Research Fund (RE calls this the CKD Patient Education Program)	This fund will support the education and research projects for the department of Nephrology, including new equipment, seed money for pilot projects, new technology and educational tools.	420
Nephrology Education Fund	This fund will support the educational projects for the department of Nephrology, including new equipment, seed money for pilot projects, new technology and educational tools.	421
Neuro ICU - Education and Research Fund	This fund supports expenses as necessary for the development of the Neuro ICU research and education.	447
Neurology Education and Research Fund	This fund would help support the education and research projects for ALS, Alzheimer's, epilepsy, multiple sclerosis, Parkinson's, and stroke in the department of Neurology, including new equipment, seed money for pilot projects, new technology and educational tools.	430
Neuropathy Center Fund	This center develops therapy for the treatment of neurological effects of diabetes and cancer treatments with an emphasis on the treatment of peripheral neuropathy. Peripheral neuropathy is a disease which results in the loss of motor function and sensitivity, which affects millions of people in the US.	435
Neuroregeneration Center Fund	This center develops novel restorative therapies for the treatment of stroke, neural injury, and neurodegenerative diseases, such as multiple sclerosis and dementia. Nearly all people will develop a neurological disease during their lifetimes. The highly innovative and effective approach of this center is that the focus of the development is on ways to remodel and rewire the central nervous system after an injury or onset of disease. This center is developing the means to stimulate the body's intrinsic restorative processes to effectively treat neurological disease.	282
Neurosciences Institute Fund	This fund supports programs and projects for the Neurosciences Institute.	442
Neurosurgery Education and Research Fund	This fund will support the education and research projects for the department of Neurosurgery, including new equipment, seed money for pilot projects, new technology and educational tools.	440
Next Generation Radiosurgery	This fund supports continuing educational and research projects in the quickly evolving field of radiosurgery for the treatment of cancer. The fund will also support future educational events and research projects pertaining to radiosurgery.	445
Northeast Region Patient Medical Needs Fund	This fund was established for patients who live in the Northeast region and are in need of urgent help. It might be a prescription for an elderly patient's needs. Or it might be a piece of life-saving equipment for a young mother. Hundreds of low-income patients, including the elderly, young adults and underserved receive prescriptions, equipment and other medical necessities through this program which they would otherwise not be able to afford.	451
Northwest Region Patient Medical Needs Fund	This fund was established for patients who live in the Northwest region and are in need of urgent help. It might be a prescription for an elderly patient's needs. Or it might be a piece of life-saving equipment for a young mother. Hundreds of low-income patients, including the elderly, young adults and underserved receive prescriptions, equipment and other medical necessities through this program which they would otherwise not be able to afford.	452
Nursing Emergency Needs Fund	This fund will be used to provide financial support for emergency needs experienced by any member of the HFH nursing team. This includes support for needs such as: covering the cost of childcare, providing groceries or food, transportation, providing financial support in times of need, covering medical care or other emergency situations that may befall a HFH nurse. Nurse is defined in the broadest sense to include RNs, LPNs, NPs, nursing assistants and others in similar roles.	462
Nursing Professional Fund	Nurses are important and vital to the success of Henry Ford Health. This fund will be used specifically for the education and advancement of our nurses through a variety of activities.	460
Nursing Support - Rochester	Donations to the Nursing Fund are designated to provide funding to promote and enhance nursing education and programs for the nursing department at Henry Ford Rochester Hospital.	906
Off-Campus Detroit Patient Medical Needs Fund	The Off-Campus Detroit Patient Medical Needs Fund was established for patients who need urgent help. It might be a prescription for an elderly patient's needs. Or it might be a piece of life-saving equipment for a young mother. Hundreds of low-income patients, including the elderly, young adults and underserved receive prescriptions, equipment and other medical necessities through this program which they would otherwise not be able to afford.	470
Oncology Education and Research Fund	This fund supports oncology general education and research.	472
Ophthalmology Research and Development Fund	This fund supports the education and research projects for the department of Eye Care Services, including new equipment, seed money for pilot projects, new technology and educational tools.	246
Orthopaedic Resident Education Fund	This fund will support the education and research projects dedicated to orthopaedic surgery, including new equipment, seed money for pilot projects, new technology and educational tools.	481
Orthopaedic Trauma Patient Needs Fund	This is a special needs fund to enhance the physical, emotional, and psychological recovery of patients that have been victims of trauma. Donations will help fund special requests from families including things such as medical supplies and other requests intended to support the patient's recovery. This fund will also support programs through the Trauma Recovery Initiative including peer-to-peer mentoring, trauma victim support groups, community events and behavioral health services.	484
Orthopaedics Surgery Endowment	This fund supports the education and research projects for the department of Orthopaedics including new equipment, seed money for pilot projects, new technology and educational tools.	480
Otolaryngology (ENT) - Richard Nichols Lectureship Fund	This fund will support the educational projects for the department of Otolaryngology including guest speakers, educational tools and seminars.	490

Otolaryngology (ENT) - Voice Research Program	This fund will support the education and research projects for Voice Research, including new equipment, seed money for pilot projects, new technology and educational tools.	491
Otolaryngology (ENT) Education and Research Fund	This fund will support the education and research projects for the Department of Otolaryngology, including new equipment, seed money for pilot projects, new technology and educational tools.	495
Otolaryngology (ENT)- Head & Neck Cancer Equipment Fund	This fund shall be used to support the acquisition of equipment that will primarily benefit Head & Neck Cancer patients.	489
Otolaryngology Clinical Trials Support Fund	This fund supports innovative clinical trials in the Department of Otolaryngology for patients needing new treatment options and to provide pilot funds to initiate trials for the purpose of developing data for national trials.	496
Palliative Medicine: Educational and Support Projects	Donations to this fund will cover the cost of projects and educational materials for patients and their families.	331
Pancreatic Cancer Research Fund	This fund will support the Pancreatic Cancer research program within the department of Gastroenterology.	494
Parkinson's Disease Program Fund	This fund will support the education and research projects specific to Parkinson's disease, including new equipment, seed money for pilot projects, new technology and educational tools. In addition, this fund assists patients with Parkinson's disease who lack the economic resources to cover their medication, necessary treatment supplies or transportation for appointments.	493
Pathology Education and Research Fund	This fund will support the education and research projects for the department of Pathology, including new equipment, seed money for pilot projects, new technology and educational tools.	500
Pediatric Development Fund	This fund is used to improve the care delivery and experience for families using Henry Ford pediatric services.	510
Pediatrics Research and Education Fund	The Pediatrics Research and Education Fund will accept donations which will provide funding for research and education programs and projects within the Department of Pediatrics at Henry Ford Health System.	508
Perfect Depression Care Management	Depression is a common and serious illness, yet it also one of the most misunderstood. Fortunately, Henry Ford's Department of Psychiatry has developed an innovative and highly successful approach to "perfecting" depression care which has received numerous awards and made a difference to thousands of patients. Supporting this fund will ensure these programs continue.	130
Perfect Psychiatric Care	In 2001, Behavioral Health Services invested in Perfect Depression Care; an initiative that created the aspirational goal of zero suicide. This goal and the clinical guidelines that supported it is now an international phenomenon; Henry Ford is in the forefront of suicide prevention across the globe. This focus on perfection continues not only in the area of continued suicide prevention strategies but in all facets of care for the prevention and treatment of mood disorders, anxiety disorders, psychosis, and other psychiatric disorders. Innovations in models of care, novel therapies, and digital technologies are at the forefront of assuring access to mental health care as well as attaining remission of symptoms for our patients.	131
Personal Philanthropy Account	With a preferred pledge of \$1,915 to this account, you can designate your donation to this account and allow your donation to accrue over the course of the year in a holding account so that you can purchase tickets to Henry Ford Health special events, buy raffle tickets or auction items at events; or designate funds to programs or projects, make memorial or tribute gifts, etc. This is an annual account; all funds must be donated and used in the same calendar year. For more detailed information, please contact the Office of Philanthropy at 313-876-1031.	477
Philip C. Hessburg, M.D. Endowed Lectureship: Progress in the Eradication of Blindness	The Philip C. Hessburg, M.D., Detroit Institute of Ophthalmology Endowed Lectureship shall be used to continue research (as part of the research arm of the Department of Ophthalmology) and/or DIO education.	516
POST Project: Maternal Mental Health Development Fund	This fund recognizes the negative effects that depression, anxiety, trauma and extreme stress can have on pregnant women and young families. This fund supports the development and sustainability of initiatives that support childbearing families, provide professional education and maternal mental health advocacy.	639
Primary Health Innovation Fund	This fund was created to promote innovation and equity in the management of our patients with an emphasis on chronic conditions and the advancement of self-care strategies for at-risk populations. The purpose is to advance innovations in care and reduce the disparities that currently exist by innovating the care model, engaging patients in the care process and advancing the availability of relevant and usable self-management tools. This will help to preserve and enhance personal health with the ultimate goal of improved clinical outcomes, reduced social barriers, and better quality of life.	252
Prostate Cancer Fund	This fund will promote the vision for a superior patient experience with rapid prostate cancer diagnosis and treatment and other such advancements in Urology. The fund will support a wide range of expenditures including, but not limited to: research, education, equipment, and patient care needs.	621
Providence - Believe in Miracles	Support for outpatient meds/nutritional supplements for those in need. Voucher system - Social Worker determines eligibility. On Sept 19, 2007 the fund was expanded to provide financial assistance to oncology patients in need. Determination of need will reside with the oncology social worker with approval by Oncology Administrator.	821
Providence - Care for the Poor	Support programs/services at Providence/community for hospital's care of the poor mission.	830
Providence - Center of Excellence - NeuroScience SEM	Funds restricted to support the NeuroScience Center of Excellence's greatest needs as determined by the President of the Foundation and system leadership.	822
Providence - COVID-19	Funds restricted for COVID-19 related gifts at Providence.	823
Providence - Domestic Violence Support	The creation of the Domestic Violence Support Fund would provide resources to women in our community who have sustained domestic violence. 1. To serve a personal protective order against the abuser 2. To relocate the victim and their dependents, and place them in a shelter or hotel 3. For transportation to work, appointments, court hearings (as needed and as defined by community health or the social worker) 4. For repairs on the victim's home from the abuser 5. For resources and connections for a restart for the victim and their dependents (Furniture / Clothing / Food / Basic necessities).	824
Providence - Eastwood Recovery Center	Restricted to provide funding for expenses not covered by Medicaid, including but not limited to: expenses incurred during client transition to temporary housing; client recreation; literature for clients; spiritual care, and services which enhance client care.	825
Providence - Hospice - Program Support	Funds restricted to support local pediatric and adult Hospice services provided (formerly Ascension Health At Home and Reverence Home Health & Hospice). Funds to be used for Hospice equipment and/or program needs as determined by leadership.	826
Providence - Jewish Community Initiatives	St. John Providence Mission Fund internal grant to promote the Providence Jewish Initiative by providing community education, lunch and learns and other activities to support the Jewish community throughout Providence Park.	829

Providence - Margaret Klobucar Educational Endowment	The Margaret Klobucar Educational Endowment will support continuing education, with a focus on safety for nurses, residents, fellows, physicians and hospital leaders. It will also support scholarships to attend the Institute for Healthcare Improvement (IHI) Conference, as well as speaker presentations and annual seminars for Providence Hospital leadership.	827
Providence - Neurosurgical Research	To provide funding support for the Providence Neurosurgical Research Program at Henry Ford Providence Novi Hospital and Henry Ford Providence Southfield Hospital. Funds may be used for capital equipment purchases or other capital expenses as well as program expenses including technology, research (including data collection and other research related expenses), continuing education (conferences, medical symposia), associated research endeavors as well as spine program recognition and cultivation event expenditures.	828
Providence Novi - Elliott Breast Care Center	Equipment and educational materials for Elliott Breast Care Center at Henry Ford Providence Novi Hospital.	840
Providence Novi - General Restricted and Greatest Capital Needs	Restricted Funds held for funding of projects/programs and greatest capital needs throughout Providence Park Hospital, as determined by leadership.	841
Providence Novi - Henry Ford Providence Heart Institute	The purpose of this fund is restricted for priority needs of the Providence Heart Institute including capital expenditures, technology improvements, program support, Fellows assistance (honorariums, awards, stipends, educational conference and medical symposia expenses, etc.) and other needs as determined by Heart Institute Leaders.	842
Providence Novi - HOPE	Helping Our Patients in Emergencies (HOPE). To help with the purchase of medication, meal tickets, cab vouchers, small equipment, etc. for our patients as determined by the social work department use, etc.	846
Providence Novi - Michael and Rose Assarian Cancer Center	To support programs and services at the Henry Ford Providence Novi Hospital Michael and Rose Assarian Cancer Center and its Center for the Healing Arts.	843
Providence Novi - Pastoral Care and Chapel	Provide for the needs of the Providence, Novi Chapel & Pastoral care	847
Providence Novi - Providence Park League Endowment	Proceeds from this endowment fund will be used for purposes determined by the Providence Park League and Hospital leadership.	844
Providence Novi - SM Gavini Center for Cancer Prevention	To support the SM Gavini Center for Cancer Prevention at Henry Ford Providence Novi Hospital and Henry Ford Providence Southfield Hospital. The SM Gavini Center for Cancer Prevention Fund will be used for a variety of needs to promote the center throughout Henry Ford and the communities we serve, marketing collateral, brochures, community education. Funds are available to cover the salary of the SM Gavini Center's nurse navigator. Funds are not available for capital or travel.	845
Providence Southfield - Behavioral Medicine Patient Needs	Behavioral Medicine needs for additional patient care items, i.e. radios, razors, hair-driers, books and video tapes for patients. To be used only for patient care items.	850
Providence Southfield - Cancer	Purpose is for research and for patient educational support programs at Henry Ford Providence Southfield Hospital Cancer Institute. Funds are to be used for selected clinical and basic science research for the Cancer Center and for patient educational and support programs, including oncology screening and detection programs.	851
Providence Southfield - Christmas Store	To provide clothing, toys, etc. to needy families at Christmas times.	852
Providence Southfield - Emergency Department	The purpose of this fund is to support construction-related projects including equipment, furnishings, etc.	853
Providence Southfield - General Restricted and Greatest Capital Needs	Restricted funds held for funding of projects/programs throughout Henry Ford Providence Southfield Hospital and for greatest capital needs as determined by leadership.	854
Providence Southfield - HOPE	Helping Our Patients in Emergencies (HOPE). To help with the purchase of medication, meal tickets, cab vouchers, small equipment, etc. for our patients as determined by the social work department/nurse, etc.	855
Providence Southfield - Minimally Invasive Spine Surgery	To support growth opportunities for the Minimally Invasive Spine Program at Ascension Providence Southfield to include capital, programmatic and educational opportunities.	856
Providence Southfield - NICU Renovation	For use of the upcoming Neonatal Intensive Care Unit (NICU) Renovation at HF Providence Southfield Hospital. The funds will be used for capital, equipment, and program costs associated with the renovation. Not to be used for staff training, education or seminars. Not to be used for research.	857
Providence Southfield - Nurses Education and Special Needs Fund	The purpose of this fund is support for educational and recognition activities for nurses at Providence Southfield. This fund was established to support Nurses Week and other educational and recognition activities for nurses at HF Providence Southfield Hospital.	858
Providence Southfield - Pastoral Care and Chapel	Provide for the needs of the Providence Southfield Chapel & Pastoral care	859
Providence Southfield - Share Program (POSC)	Created by the Philosophy of service Christian sub-committee as an additional way for associates to participate in the many community projects sponsored by Providence Southfield Hospital.	860
Public Health Sciences General Fund	This fund will support the education and research projects for Public Health Sciences, including new equipment, seed money for pilot projects and educational tools.	132
Pulmonary and Critical Care Education and Research Fund	The Pulmonary and Critical Care Education and Research Fund is used to support new research activities that are lacking some other source of funding and to provide educational opportunities for fellows and staff in support of the academic mission of the Division.	520
Pulmonary and Critical Care Medicine Fund	This fund will support the needs of the Bower Library within the department of Pulmonary and Critical Care Medicine.	521
Pulmonary Research Fund	Fund will be used to support pulmonary research.	523
RAD-AID International Relief and Resident Education	RAD-AID is an international organization at the forefront of addressing these needs by developing sustainable imaging and radiology education around the globe. The funding provided will be used to help acquire necessary equipment, support resident travel and improve the lives of patients around the globe. Since 2013 we have supported RAD-AID by remotely reading radiology studies from Haiti, developing an ultrasonography curriculum for international users, traveling to Nicaragua to provide medical imaging services and training local users.	528
Radiation Oncology Department Fund	This fund will support the education and research projects for the department of Radiation Oncology, including new equipment, seed money for pilot projects, new technology and educational tools.	530
Radiology Breast Imaging Fund	This fund will be used to support the equipment, new technology and patient needs of the Radiology Breast Imaging Centers throughout Henry Ford Health under the direction of the Chairman of the Department.	531
Random Acts of Kindness Fund	Henry Ford West Bloomfield Hospital employees are very committed to one another. Money raised for this fund will directly benefit Henry Ford West Bloomfield employees, volunteers and retirees in times of need. What makes this fund unique is that decision about fund allocation will be made quickly, with a turnaround time of 24-48 hours. Decision committee will include CEO, VP of HR, and two hospital employees who will serve a one-year term.	533

This fund supports therapy/ facility dogs who will visit and comfort Henry Ford Rochester Hospital patients, visitors and associates. The program's handlers are specialty trained volunteers who bring the dogs to the patient's bedside, therapy areas, common waiting areas or other patient service areas. Funds may be used to purchase food, medication, veterinary care and any other program related costs. Funds may also be used to purchase future dogs upon current therapy/ facility retirement/ death.	905
Tim Pryson Kidney Cancer Research Fund	The purpose of the fund is to support research to improve outcomes of patients with kidney cancer and to help innovate new treatments. The fund will help support education and training of future leaders in kidney cancer research and help support research projects and presentation of research at national meetings.	619
Tobacco Treatment Services General Fund	This fund is used to support Henry Ford Health's Tobacco Treatment Services program.	561
Total Joint Research Program in Orthopedics	Donations to this fund will help support research activities and projects related to bone and joint in the Department of Orthopedics.	482
Transplant Institute	The Henry Ford Transplant Institute is one of the nation's busiest and highest regarded transplant centers. Patients and their families can feel confident knowing that Henry Ford's transplant survival rates are among the best in the state, as well as significantly above the national averages.	600
Transplant Institute - Center for Living Donation	Organ donation saves lives for people in need of transplant. There is a great shortage in organ donors and number of deceased donors has been limited. The living organ donor pool offers a great potential to save more lives. This fund will help create a coordinated approach to providing excellent care and support to those who donate organs to others and thereby encourage more live organ donations.	601
Trish Brown Domestic Violence Assistance Fund	The Memorial Fund will honor Latricia Brown by providing critical support to employees impacted by domestic violence. The purpose of the fund is to help ensure safety, stability, and access to resources for team members facing these challenges. 1.) Provide timely financial assistance to employees affected by domestic violence. 2.) Reduce barriers to safety, housing, and essential needs during times of crisis. Demonstrate HFH's Commitment to supporting the well-being of our workforce.	186
United Way for Southeastern Michigan (external fund; funds do not stay within HFHS)	The United Way for Southeastern Michigan address current and emerging issues in Wayne, Oakland and Macomb counties by focusing on nurturing children and youth, strengthening families. Empowering neighborhoods and communities, and promoting health and wellness through the organizations it supports.	999
United Way of Jackson County (external fund; funds do not stay within HFHS)	United Way of Jackson County is building a community rich in opportunities to eliminate poverty and allow all people to achieve financial stability and success. United Way engages in programs and partnerships that equip people to develop a pathway to lifelong economic stability-through education, through financial management skills and support systems, and by providing a safety net for those in crisis.	777
URIM and DEIJ Orthopedics Scholarship	This scholarship fund will help support travel/lodging for medical students doing sub-internships or interviews for orthopedic residency at Henry Ford who identify themselves with groups underrepresented in medicine. These efforts may include, but shall not be limited to, scholarships for students who are underrepresented in medicine to complete clinical rotations, pathway programs to provide underrepresented students with mentorship, research opportunities, tutoring, career advising and test-taking support, etc.	487
URIM and DEIJ Urology Scholarship Fund	This scholarship fund will help support travel/lodging for medical students doing subinternships or interviews for a urology residency at Henry Ford Health who identify themselves with groups underrepresented in medicine.	618
Urology Education and Research - Peabody Projects	Fund will support education and research projects for the department of Urology, including new equipment, research, technology and educational training. This fund is to be directed by Dr. James Peabody, or Dr. Peabody's designee, for the duration of Dr. Peabody's employment at Henry Ford Health. Initial spending from this fund is expected to focus on a project related to exosome research. If funds remain after Dr. Peabody is no longer employed by Henry Ford Health then the remaining funds will be directed by the Chair of the Department of Urology.	615
Urology Innovation & Equipment Fund	These funds shall initially be used to ensure HFH is able to purchase an ExactVu microultrasound system for ultrasensitive diagnosis of prostate cancer and for targeted biopsies. Once Henry Ford Health has purchased the equipment listed above, additional funds shall be used to support other efforts in the Department of Urology to implement enhanced innovations that primarily benefit patients. This may include new equipment, technology, programming, capital improvements, research and education.	617
Vascular Surgery Education and Research Fund	This fund will support the education and research projects for the department of Vascular Surgery, including new equipment, seed money for pilot projects, new technology and educational tools.	610
Vattikuti Urology Institute	Vattikuti Urology Institute The Vattikuti Urology Institute (VUI) is currently building upon its world renowned robotic surgery program. From pioneering the treatment of prostate cancer with robotic surgery, the VUI has begun expanding their robotic program for other treatments. Funding will be used for the continued development and research of minimally invasive surgery techniques and support other activities related to prostate cancer research.	620

VCORE Fund for Urology Research and Education	This fund will be dedicated to the development and expansion of the Vattikuti Urology Institute Center for Outcomes Research Analytics and evaluation (VCORE), a center of excellence committed to groundbreaking research and educational training. Funds shall be used to fund all items related to research and education under the VCORE program.	612
Visual Rehabilitation Center Fund	Supports education, research, equipment, seed money for pilot projects, new technology and educational tools.	247
Warden Chair in Multi-Cultural Health	This fund will support continuous support to the Institute on Multicultural Health for initiatives that serve underrepresented racial and ethnic populations through research, education and the delivery of culturally appropriate healthcare.	628

Warren & Madison Heights - General Restricted	Funds restricted to benefit HF Warren & HF Madison Heights Hospitals programs, projects and/or greatest capital needs as determined by hospital leadership.	929
Warren & Madison Heights - HOPE	Hope Fund for patient assistance at both the Henry Ford Warren Hospital and Henry Ford Madison Heights Hospital.	930
Warren & Madison Heights - Medical Education	Funds restricted to benefit medical education programs at HF Warren & Madison Heights Hospitals.	931
Warren & Madison Heights - Stroke	Funds restricted to be used for purchase of capital equipment and/or other program enhancements supporting stroke projects at Henry Ford Warren Hospital and Henry Ford Madison Heights Hospital.	932
West Bloomfield Cardiology Fund	This fund will support the education and research projects for Henry Ford Health West Bloomfield Hospital's Cardiology Department, including new equipment, seed money for pilot projects, new technology and educational tools.	359
West Bloomfield Hospital Beautification Fund	By purchasing a stone paver, tree or bench at the Reflection Pond behind West Bloomfield Hospital, your donation will be supporting the ongoing costs for installation and maintenance of the property surrounding the hospital.	363
West Bloomfield Hospital Building Fund	Located in one of the fastest-growing areas of southeast Michigan, Henry Ford West Bloomfield Hospital shatters the paradigm of the modern hospital. A gift to HFWBH will help create an ultramodern facility that will touch hundreds of thousands of lives for decades.	360
West Bloomfield Hospital Chaplain's Fund	The Chaplain's Fund was set up to receive funds that would be used to support medical and humanitarian outreach to the medically underserved people of Greater Detroit and Henry Ford West Bloomfield's immediate service area. This fund also supports medical outreach and medical mission teams going to Nicaragua.	625
West Bloomfield Hospital Emergency Department	This fund will support the education and research projects for HF West Bloomfield's Emergency Department, including new equipment, seed money for pilot projects, new technology and educational tools.	362
West Bloomfield Hospital Joint Replacement Program Strategic Fund	This fund will provide a powerful source of discretionary support to address needs and maximize opportunities for the Joint Replacement Program at HFWBH. Funds can be used for staff development, research, patient medical needs, technology, programming and other needs deemed appropriate by the director of the program.	635
West Bloomfield Hospital Path to Wellness Fund	This fund supports the planning, design, construction and maintenance of walking and bicycle trails on the West Bloomfield campus.	364
West Bloomfield Hospital The Beverly and Robert N. Canvasser Compassion Endowed Fund	The Beverly and Robert N. Canvasser Compassion Endowed Fund Description: This fund shall be used to help Henry Ford West Bloomfield Hospital employees, volunteers and retirees (and potentially patients) who have experienced some type of catastrophe. The fund helps people at their most vulnerable of moments and provides a bridge for them to work through their unfortunate situation.	636
West Bloomfield Hospital Transitional Care Strategic Fund	Funds will be used to address the needs of high risk patients who require transitional care follow ups, and to provide the ongoing support and resources required to meet those needs. High risk patients are identified by the case management (per policy criteria). These patients have complex medical histories and are frequent fliers with low health literacy.	637
West Bloomfield Labor and Delivery Unit Teaching Care Endowment	This fund supports nursing education opportunities including, but not limited to, professional development, conferences, trainings, and certifications for nurses in the Labor and Delivery Unit of Henry Ford West Bloomfield Hospital. As an endowment, only the interest made off the corpus investment will be spent, allowing these opportunities to be supported in perpetuity.	634
West Bloomfield Ob/Gyn Fund	This fund will support the education and research projects for HF West Bloomfield's Ob/Gyn Department, including new equipment, seed money for pilot projects, new technology and educational tools.	365
West Bloomfield Radiation Oncology Strategic Fund	Gifts to this Fund can help the Radiation Oncology Department support patient medical needs, staff development, lectures and department events, hospital priorities and other programming deemed appropriate by the Director.	646
Wigs for Chemo Patients Fund	The Wigs for Chemo Patients Fund supports a unique program that helps provide stylized wigs for patients who are undergoing chemotherapy.	638
Women-Inspired Neighborhood (WIN) Network.	Fund to support general operating expenses of WIN Network on an ongoing basis.	558
Women's Community Health Education and Research Fund	This fund is for the development of research and education and will be used to further said program in the department of Women's Health at all locations. The chairman will manage said fund and appropriate procedures will be established to allow for the requesting of funds for the development of individual programs/projects.	641
Wyandotte - Bob and Sandy Riney Helping Hands Fund	Helping Hands is a charitable initiative sponsored and funded entirely by employees and physicians to help co-workers, volunteers and retirees in times of need. Since its inception in 1992, the program has provided financial assistance to hundreds of people in need. It has achieved some amazing results including helping pay for food, clothing and shelter for families who have lost their homes to fire as well as helping those who are sick or injured to pay for medical care unavailable through other means. This fund supports the employees at Henry Ford Wyandotte Hospital.	378
Wyandotte Center for Emergency and Critical Care	The Center for Emergency and Critical Care at Henry Ford Medical Center - Brownstown Township has a mission of providing important life-saving care to our most critically ill patients. This fund will enable the Center to make major renovations to its facility, purchase the latest, most technologically advanced equipment, and support many of the numerous community outreach initiatives that are led by our physicians and staff.	373

Wyandotte Center for Health Services	This fund will support the education and research projects for HF Wyandotte's Center for Health Services, including new equipment, seed money for pilot projects, new technology and educational tools.	366
Wyandotte Center for Physical Rehab	This fund will raise funds for the Center for Rehabilitation to support ongoing projects that include the purchase of equipment and funding of new programs.	383
Wyandotte Clinic for the Working Uninsured	This fund supports the Clinic for the Working Uninsured which provides a variety of health care services to Downriver residents who are working but without medical insurance.	367
Wyandotte General Fund	Henry Ford Wyandotte Hospital building fund will support facility upgrades, such as cafeteria renovations, new fitness equipment in the employee wellness center, grounds beautification, as well as, special equipment purchases.	372
Wyandotte Hospital "I Promise" Fund	This program was established specifically for downriver patients with cancer. The program assists patients who lack the economic resources to cover their needs for wigs or other prosthetics due to Chemotherapy treatment for cancer. Patients who qualify for this program are eligible to receive up to a \$200 voucher for their special needs.	368
Wyandotte Hospital Center for Behavioral Health	This fund supports the education and research project for the department of Behavioral Health, including new equipment, seed money for pilot research projects and research tools.	379
Wyandotte Hospital Center for Cardiac Care	The Center for Cardiac Care bundles together all of the cardiac related programs and services, both inpatient and outpatient, offered at Henry Ford Wyandotte Hospital and Center for Health Services (CHS) at Henry Ford Cancer - Brownstown Township. The Center includes all of our programs and services centered on our cardiac patients, including cardiac catheterization, inpatient CCU, electrophysiology, vascular services, diagnostic testing, and cardiac and pulmonary rehabilitation.	376
Wyandotte Hospital Center for Surgery Fund	The Center for Surgery bundles together all of the surgical programs and services, both inpatient and outpatient, offered at Henry Ford Wyandotte Hospital and the Center for Health Services (CHS) at Henry Ford Medical Center - Brownstown Township. This fund will support the Center's ability to make major renovations to its surgical suites, purchase needed equipment not included in the capital budgets, and to help support new programs that will improve the quality of care for patients, and also improve the work environment for our physicians and nursing staff.	375
Wyandotte Hospital Medical Staff Fund	The medical staff of Henry Ford Wyandotte Hospital provides high quality and personal medical care to thousands of people who live and work in the surrounding area. Members of the medical staff have another unique opportunity to work with many nonprofit organizations and institutions - including Henry Ford Wyandotte Hospital - whose vision and mission are to serve area residents. This fund will help coordinate charitable donations from the medical staff of Henry Ford Wyandotte Hospital while helping meet the needs of the surrounding community.	371
Wyandotte Hospital Men's Health Fund	Education community outreach, support for medical costs for men's health concerns.	388
Wyandotte Hospital Nursing Development Fund	This fund will be used to support nursing specific programs, equipment, education and/or the greatest needs of HFWH nurses as identified by nursing leadership at HFWH.	369
Wyandotte Hospital Patient Medical Needs	At Henry Ford Wyandotte Hospital the Patient Medical Needs Fund was established for patients who need urgent help. It might be a prescription for an elderly patient's needs. Or it might be a piece of life-saving equipment for a young mother. Hundreds of low-income patients, including the elderly, young adults and underinsured receive prescriptions, equipment and other medical necessities through this program which they would otherwise not be able to afford.	370
Wyandotte Hospital Phyllis E. Edwards Nursing Scholarship Fund	Established in 2010, the Edwards Nursing Scholarship Fund seeks to honor the memory of Phyllis E. Edwards, a pediatric nurse manager who worked at Henry Ford Wyandotte Hospital for more than 30 years. The endowed fund, established in loving memory by her family, will award an annual scholarship to qualified women and men who are committed to pursuing a career in pediatric nursing.	377
Wyandotte Medical Education Fund	This fund will support Medical Education at Henry Ford Wyandotte Hospital.	653
Youth Medical Services at Ruth Ellis Center	Donations to this fund will support School-Based and Community Health Program services at the Ruth Ellis Center. Specifically, this fund shall be used to address the health needs of LGBT youth including health screening, education, treatment, equipment, medication and lab services not covered by insurance	608
