

MESSAGE FROM THE PRESIDENT

This special edition of Rounds is to recognize an extraordinary group of 27 individuals who were nominated by their Department Chair or Program Director to receive one of four awards for outstanding resident or fellow for the 2014-2015 academic year. The awards, which are named for the

Lawrence Mitchell, M.D.

individuals who initiated this program, and have been a tradition over the last 25 years are: the Jan Rival, M.D. Outstanding Resident Award; Michael S. Benninger, M.D. Outstanding Resident Award; Roger F. Smith, M.D. Outstanding Fellow Award, and the Peter Coggan, M.D. Outstanding Teaching Award.

Attempting to select four individuals from such a talented group of nominees is almost an impossible task. The choices were made by the Executive Committee of the Alumni Association and aided by members of the Graduate Education Committee. I'm sure every member of the Henry Ford Hospital Alumni Association joins me in expressing our thanks and congratulations to each nominee for their accomplishments in continuing the tradition of excellence we have grown to expect from Henry Ford Hospital.

As in previous years, the banquet honoring the nominees and winners was held at the Detroit Athletic Club. During the event we had the opportunity to meet each of the nominees and speak with them on an individual basis. This provided everyone an opportunity to congratulate each nominee on his or her amazing accomplishments. We are proud of our nominees and winners and we wish them luck in the future.

OUTSTANDING RESIDENT AWARDS 2015

On May 20, the Outstanding Residents Awards Banquet was held at the Detroit Athletic Club. This year residents and fellows were recognized for their exemplary efforts toward patient care, research and education. This year's winners were:
