DISCUSSION & INSIGHTS

WEBINAR SUMMARY

This webinar will discuss patient-centered care for the LGBTQ+ community. Participants will learn to define the concepts of sexual orientation and gender identity and identify gaps in care that impact the LGBTQ+ community, with a focus on behavioral health and suicide risk. We'll also discuss specific steps that can be taken to support the LGBTQ+ community in healthcare settings and beyond.

ABOUT THE SPEAKER

Dr. Maureen (Mo) Connolly is a pediatrician at Henry Ford Health and Medical Director of Henry Ford's School-Based and Community Health Program in Detroit. She works with clinical staff to provide medical and behavioral health services at school-based and community clinic sites, with a focus on caring for LGBTQ+ young adults, transgender care, and HIV prevention and treatment. She is the founding medical director of Henry Ford's collaboration with the Ruth Ellis Center, an LGBTQ+ community center that is now providing accessible medical and mental health services to adolescents and young adults.
