HENRY FORD CANCER INSTITUTE

NATIONAL CANCER SURVIVORS DAY: *A Celebration of Life*

Special Guest Speaker

Nestelynn Gay

Brain Tumor Survivor

Nestelynn Gay was in the prime of her life four years ago when she began experiencing a headache that wouldn't go away. She thought the headache was brought on by extreme stress at work, but an MRI revealed a malignant brain tumor. At our luncheon, she will share with fellow survivors how her life changed that day, leading to an inspiring journey from brain surgery to survival.

Cancer Survivors Day is a complimentary event for Henry Ford Cancer Institute patients and caregivers, but registration is required. Space is limited, so reserve your seat(s) for you and one guest today.

Tuesday, June 27, 2017

11:30 a.m. to 2 p.m.

**Ford Conference & Event Center
Dearborn, Michigan**

*Please RSVP by June 20 at
(586) 263-2850.*

See map to Ford Conference & Event Center on back.
