

Henry Ford St. John Hospital

2025 Overview

22101 Moross Rd
Detroit, MI 48236

313.343.4000
henryford.com/stjohn

Located in Detroit, Henry Ford St. John Hospital serves as a 24-hour emergency center with both a level I trauma center and level II pediatric trauma center. The 714-bed hospital provides expert care across multiple specialties, including cardiology, cancer care, stroke management, orthopedics, neurology as well as a specialty children's hospital and advanced neonatal care. Our campus integrates a range of medical services, including robotic-assisted procedures, imaging and lab testing and a dedicated inpatient rehabilitation center.

Mission

To improve people's lives through excellence in the science and art of health care and healing.

Vision

We will be the trusted partner in health, leading the nation in superior care and value – one person at a time.

Values

- Compassion
- Innovation
- Respect
- Results
