Other						
1. I have been informed about the nature and the purpose of this genetic testing.						
2. I have received an explanation of the effectiveness and limitations of this genetic testing.						
3. I have discussed the benefits and risks of this genetic test with my physician and/or other health care professional. I understand some genetic tests can involve possible medical, psychological or insurance issues for my family and I.						
4. I understand the meaning of possible test results and have been i	nformed how I will receive the result.					
5. I have been informed that genetic testing can sometimes reveal secondary findings-results that are not related to the purpose of testing. I have discussed with my health care professional if and/or how such results will be shared with me. I understand that it is up to me to decide whether I want secondary results reported back to me and what secondary results I want reported.						
6. If ordered by the ordering provider above, I authorize supplemental genetic testing to further aid in diagnosis, treatment and/or risk evaluation(s).						
7. I have been informed who may have access to my biological sample, and that any leftover sample may be retained by the laboratory.						
8. I have been informed who may have access to my genetic test result, which is part of my confidential medical record.						
9. My questions have been answered to my satisfaction.						
10. I understand that this consent form is intended to be used together with the patient information booklet that contains important information explaining the above eight items. I have read this consent form and understand that I can access the booklet electronically at: https://www.michigan.gov/documents/InformedConsent 69182 7.pdf						
11. I received a copy of this form for my records.						
I consent to have a sample taken for genetic testing on the above-named patient for the condition(s) listed above.
