## INSTRUCTIONS FOR ACCESSING CENSUS BASED MEDIAN HOUSEHOLD INCOME DATA

The ATP Guidelines allow 3 options (Census Tract, Census Place, or Census Block Group) to use when providing the Median Household Income information for the project area/community. Choose the correct option and provide the Median Household Income data (including the estimated number of households) for all applicable Census Tracts, Census Places, or Census Block Groups that the project impacts. See the ATP Guidelines and Application instructions for more information.

\*All applications must present the projects Median Household Income data at the Census Tract level, unless they meet the exceptions allowed under the Census Block Group, or Census Place options.

### Option 1: Census Tract - 140

- 7) In the "Add Remove Geographies" window, select "Census Tract - 140," "California", and the "County". Select the Census Tract(s) that correspond to your project and click "Add To Your Selections." (Hint: press/hold the shift button to select multiple areas at one time.) Click "Show Table" to proceed.

A table with the Median Household Income data for the Census Tract(s) that you selected will be provided.
