

Personalized addiction treatment

Henry Ford Maplegrove Center is the premier substance use disorder treatment facility in metro Detroit, and the center of addiction medicine at Henry Ford Health. Nestled in a peaceful, wooded setting, our remodeled center offers a safe and stable environment to start recovery.

Michigan's addiction experts

We treat the person, not the addiction, creating a personalized care plan that meets each patient's unique needs. For nearly 40 years, our experienced team has been using evidence-based treatment and an individualized approach to treat the whole person – body, mind and spirit.

Our services:

- 28-day inpatient treatment for adults
- Outpatient treatment programs for adults and teens
- Detoxification and medication-assisted treatment for opioid or alcohol addiction
- Free education and support programs for family members

Our program includes:

- Board-certified physicians, therapists and professionals
- Evidence-based treatment backed by the latest science and research
- 24-7 nursing care
- Nutritional counseling from our registered dietitian nutritionist
- Recreational therapy, including a newly renovated wellness area for yoga, mindfulness, workout area and gym
- **All private rooms with private bathrooms**

Commercial insurance accepted. Private pay options also available.
