Please be aware of current construction projects near Henry Ford West Bloomfield Hospital that may cause delays. Please allow enough time to arrive on time for your appointment and drive safely!

Construction is scheduled to begin on **Maple Road from Apple Blossom to Drake Rd.** during the week of April 9. The east and west bound directions of Maple Rd. will be available between the hospital's main entrance and the Drake Rd. roundabout throughout the duration of the project. However, only east bound traffic will have access to the hospital starting at Apple Blossom to the hospital entrance. For the duration of the project, traffic will only be able to exit east (toward Drake Rd.) out of the hospital's main entrance.

Delays and slowed traffic flow is expected.

The project is expected to continue through mid summer.
