

Section 2: Health History & Lab Results

In this section

- Patient Medical History
- Lab Results

How to use this section:

- Complete the Patient Medical History form and keep it in the binder.
- Use this information when visiting a new doctor or if a caregiver must take the patient to the Emergency Department.
- Print Lab Results from Henry Ford MyChart or other health care providers and place them in the sleeve.
- Keep vaccinations records here. These might include flu, pneumonia, or shingles vaccinations.
