

# Huntington's Disease Clinic Center of Excellence

## Why Henry Ford Health?

Henry Ford Health is recognized as a Center of Excellence by the Huntington's Disease Society of America. This means that at our Huntington's Clinic at Henry Ford Health you can expect to receive care from a multidisciplinary team approach.

## When is Huntington's Clinic Day?

Typically, the 3rd Friday morning of every month.

## What can I expect when I come in for a clinic day?

Through our multidisciplinary approach, we offer a unique experience in receiving expert care from a variety of healthcare professionals who are trained to help manage patients with Huntington's disease. On our clinic day, there will be an opportunity to meet with the following individuals all during one visit:

- Neurologist
- Psychiatrist
- Speech Language Pathologist
- Physical Therapist
- Occupational Therapist
- Genetic Counselor
- Social Worker
- Research
- Nurse Coordinator

You may not need to meet with everyone during your visit, but please allow a few hours for the visit to allow ample time to meet with each healthcare professional as needed.

## How do I schedule an appointment?

Contact the Neurology department at 248.661.6466

## Where can I find more information?

Huntington's Disease Society of America ([hdsa.org](http://hdsa.org))
