

HFMG Flags and Search Enhancement

Jan. 25, 2016

Introduction

Henry Ford would like to move forward with an enhancement to add Henry Ford Medical Group (HFMG) flags and search filters to their FAD search.

Basecamp reference for documented approvals and discussions:

<https://basecamp.com/3003622/projects/11260297/messages/65113337>

A design for the main search page can be seen here:

<https://projects.invisionapp.com/share/A46ZTG187#/screens/211632198> Henry Ford - FAD Search Medical Group- desktop

Features Should Include:

1. Adding the checkbox to each search query for FAD to filter only HFMG physicians.
 - a. This Henry Ford Medical Group checkbox already exist on the FAD search results search
 - b. Add Henry Ford Medical Group checkboxes on the FAD search landing page below 'Specialties' and 'Name'
 - c. Selecting either checkbox and running the search query will filter results to display physicians only marked as "Henry Ford Medical Group"
2. Adding the hover "?" tooltip text box on same page
 - a. Add the "?" icon which displays hover text. Add this icon to the FAD Search Landing and search results Henry Ford Medical Group checkboxes.
 - b. Tooltip hover text will be editable in Sitecore for any CMS editor:
 - */sitecore/content/global/labels/HenryFord/Modules/Physician Directory/Controls/Landing/Physician Search*
 - */sitecore/content/global/labels/HenryFord/Modules/Physician Directory/Controls/Search Results/Physician Search Again*
 - */sitecore/content/global/labels/HenryFord/Modules/Physician Directory/Controls/Search Results/Physician Search*
 - Within the *Physician Search Properties* section, revise the field for *Medical Group Tooltip Label*

3. Adding the hover text box over the HFMG logo
 - a. If a user hovers over the Henry Ford Medical Group logo on a physician, it displays hover text.
 - b. HFMG logo hover text on individual physician profile pages in desktop view will be editable in Sitecore for any CMS editor (includes primary FAD profile and HFPN & MedEd profile pages). The end state for the mobile breakpoint will not incorporate a tooltip hover and the HFMG icon will just serve as a link:
 - */sitecore/content/global/labels/HenryFord/Modules/Physician Directory/Controls/Physician Detail/Physician Detail Labels*
 - */sitecore/content/global/labels/HenryFord/Modules/Physician Directory/Controls/Physician Detail/Faculty Dynamic Doctors Labels*
 - */sitecore/content/global/labels/HenryFord/Modules/Physician Directory/Controls/Physician Detail/Dynamic Doctors Labels*
 - Within the *Physician Search Properties* section, revise the field for *Medical Group Tooltip Label*
 - c. HFMG logo hover text on FAD search result pages will be editable in Sitecore for any CMS editor in the following paths (includes primary FAD profile and HFPN & MedEd profile pages):
 - */sitecore/content/global/labels/HenryFord/Modules/Physician Directory/Controls/Search Results/Physician Listing*
 - Within the *Physician Search Properties* section, revise the field for *Medical Group Tooltip Label*
 - d. Applies to the following pages/controls:
 - FAD search results page
 - Physician profile pages
 - Dynamic doctors on a page
 - Faculty dynamic doctors on a page
 - HFPN & MedEd physician profile and search pages
